

OPHTHALMOLOGY/OPTOMETRY at SANITAS

Ophthalmology is the branch of medicine that deals with the anatomy, physiology and diseases of the eye.

At SANITAS our Ophthalmology unit performs diagnostic and therapeutic procedures to treat patients of all ages and evaluate all ocular and ophthalmic conditions.

We provide routine eye examinations as well as contact lens evaluation and care, testing and diagnostic screening for cataract, cornea and external eye disease, glaucoma, neuro-ophthalmology as well as those required for diabetic ophthalmology.

We also have a showroom space displaying a variety of eyeglass styles and frames for all of your eyeglass needs.

See our website for more information on the full range of Ophthalmology and Optometry services available to you.

Or call us to book your appointment today.
