

# UROLOGY at SANITAS

*Urology is the specialist medical field concentrating on the male reproductive system and the conditions of the urinary tract of males and females.*

Urologists specialise in the diagnosis, medical treatment, and surgical procedures relating to the kidneys, bladder, adrenal glands, and genitourinary system. Among the specialized areas with which urologists deal are:

- o Infertility
- o Prostate
- o Incontinence
- o Impotence
- o Kidney stones
- o Cancer treatment
- o Trauma to the urinary system
- o Pediatric care.

See our website for more information on the full range of Urology treatments available to you. Or call us to book your appointment today.
